

EU Digital Services Act (DSA)

CHAPTER I: General Provisions

Article 1: Subject matter and objective

This Regulation lays down harmonised rules for a safe, predictable, and trusted online environment. It aims to prevent the spread of illegal content online.

CHAPTER II: Liability of providers of intermediary services

Article 3: Definitions

'Illegal content' means any information that, in itself or in relation to an activity, including the sale of products or the provision of services, is not in compliance with Union law or the law of any Member State.

Section 1: Obligations for very large online platforms

Platforms must assess and mitigate systemic risks arising from the design and functioning of their services. This includes the dissemination of illegal content, such as hate speech and child sexual abuse material.

Article 5: Hate Speech and Harassment

The DSA explicitly requires the removal of illegal hate speech and content promoting sexual harassment, racial discrimination, or religious bigotry.
